**17th MAY, 2021**

**TO WHOM IT MAY CONCERN**

**MEDICAL REPORT**

**RE: ADEWUYI DAMILOLA VICTORIA/FEMALE/23 YEARS**

The above named is well known in the hospital who had been attending regular surgical clinic and is presented with the complaint vomiting, severe headache and heavy snoring. On examination, patient was weak and pale. She was admitted and discharged on 13th May 2021 in the female ward.

A working diagnosis of cholesterol was observed, however patient is to undergo NYSC and needs to be redeployed back to her relatives and their family doctor for adequate and total monitoring of other conditions while serving her fatherland.

Thanks

**Medical Consultant**

**Dr. A.O. Adewale**
